Dear James

I am writing with regards to the job opening as a web developer (SDE Profile) in Microsoft . I am a first year Undergraduate student of IIT Kharagpur enrolled in its B.Tech. programme. I am interested in joining your esteemed organisation owing to my proficiency in this domain.

- In my first semester, I designed a model website for the Student Welfare Group (SWG , TSG) which got me selected as an Associate Member in the society.
- I am in the process of completing the course -" The Complete Front-End Web Development Course" by Joseph Delgadillo, Nick Germaine.
- I have prior experience as a paid intern at "MAXWELL METALS" as a web designer.

I believe this venture would be mutually beneficial for us as I get industry work experience and bring to the table my skills , leadership and HR management skillset, thus , adding value to your esteemed organisation. Hoping to hear back from your side.

Sincerely,

Aryan Lohia
